Lumen Bikes · Employee Handbook

Version 4.2

1. Welcome to Lumen Bikes

Lumen Bikes designs and assembles electric city bikes in Valencia, Spain. We are a team of 140 people across engineering, assembly, support and sales. This handbook explains how we work together: time off, remote work, expenses, equipment and leave. If something here is unclear, ask People Ops in the #people channel.

This handbook applies to every permanent employee. Contractors and interns have their own agreement, which takes precedence over this document where the two differ.

2. Working hours

The standard working week is 37.5 hours. Core hours are 10:00 to 15:00 (Central European Time): everyone is expected to be reachable during core hours. Outside core hours you choose when to work, as long as your team knows your schedule.

Assembly staff work in two shifts, 07:00 to 14:30 and 14:30 to 22:00. Shift swaps must be agreed with the shift lead at least 48 hours in advance.

3. Vacation and public holidays

Every employee gets 27 working days of paid vacation per calendar year, plus the public holidays of Valencia. In your first year, vacation is prorated by the number of months you work. After five years at Lumen Bikes you get 2 extra days, for a total of 29.

Request vacation in the HR portal at least 2 weeks in advance; requests of more than 10 consecutive working days need 6 weeks of notice. Up to 5 unused days can be carried over to the next year and must be used before 31 March. Unused days beyond that are lost and are not paid out.

The company closes between 24 December and 1 January. Those days do not count against your 27 vacation days.

4. Remote work

Office roles can work remotely up to 3 days per week. Tuesday is our office day: every team meets in person on Tuesdays. Assembly, warehouse and workshop

roles are on site by nature and are not eligible for remote work.

You may work from another country for up to 20 working days per year, with your manager's approval. For tax reasons, working abroad for longer is not allowed. Remote work from home includes a monthly allowance of 35 euros for internet and electricity, paid with your salary.

5. Expenses

Submit expenses in the Expenses app within 30 days, with a photo of the receipt. Meals on business trips are covered up to 45 euros per day in Spain and 60 euros per day abroad. Train is preferred over plane for any trip under 4 hours. Alcohol is never reimbursed.

Every employee has a learning budget of 600 euros per year for books, courses and conferences. Unused learning budget does not carry over.

6. Equipment

New office employees receive a laptop, a monitor and a headset on their first day. Laptops are replaced every 4 years. Lost or stolen equipment must be reported to IT within 24 hours at it@lumenbikes.example.

Every employee can ride a Lumen City e-bike to work through our bike lease program: the company pays 70% of the lease and you pay the rest through your salary. Ask People Ops for the form.

7. Parental and sick leave

Parents get 16 weeks of fully paid leave, as set by Spanish law, and Lumen Bikes adds 2 extra weeks paid by the company, for a total of 18 weeks. After parental leave you can work a reduced 30-hour week for up to 6 months with full salary.

If you are sick, tell your manager before 10:00. For absences longer than 3 days, a medical certificate is required.
