Lumen Bikes · Warranty Policy

Valid for bi

1. What the warranty covers

Lumen Bikes guarantees that every bike is free of defects in materials and workmanship. The warranty starts on the date of purchase shown on your invoice and applies to the first owner. Keep your invoice: we need it for every claim.

Part	Warranty period	Notes
Frame and fork	Lifetime	First owner only
Motor (Lumen M2)	3 years	Unlimited kilometres
Battery	2 years or 500 full charge cycles	Whichever comes first; must keep 70% capacity
Display and electronics	2 years	
Paint and finish	2 years	Excludes scratches from use
Other components	2 years	As required by EU consumer law

2. Battery warranty in detail

The battery is covered for 2 years or 500 full charge cycles, whichever comes first. During that period, if the battery holds less than 70% of its original capacity, we will repair or replace it. A battery that keeps 70% or more of its capacity is working normally: all lithium-ion batteries lose capacity with use.

Damage caused by storing the battery completely empty for a long time, by using a charger that is not the original Lumen charger, or by opening the battery case is not covered.

3. What the warranty does not cover

The warranty does not cover normal wear and tear of parts that wear out with use: tyres, inner tubes, brake pads, chain, cassette, grips and saddle. It does not cover damage from accidents, misuse, racing, commercial rental, or modifications to the motor or the speed limit.

Bikes used for commercial delivery are covered for 1 year instead of 2, except the

frame, which keeps its lifetime warranty.

4. How to make a claim

Contact the dealer where you bought the bike, or write to warranty@lumenbikes.example with your invoice, the serial number (printed under the bottom bracket) and photos of the problem. We answer every claim within 5 working days. If the claim is accepted, the repair is free, including parts, labour and shipping.

If the same part fails three times within the warranty period, you can choose a full refund of that part or a replacement with a newer model.

5. Extended warranty

Lumen Care extends the motor and battery warranty to 5 years for 129 euros. It must be bought within 30 days of the purchase of the bike and includes a free yearly service.
